# Hazardous Weather

## Afternoon: Isolated Storms Will Try to Develop

Weather Forecast Office

Amarillo, TX

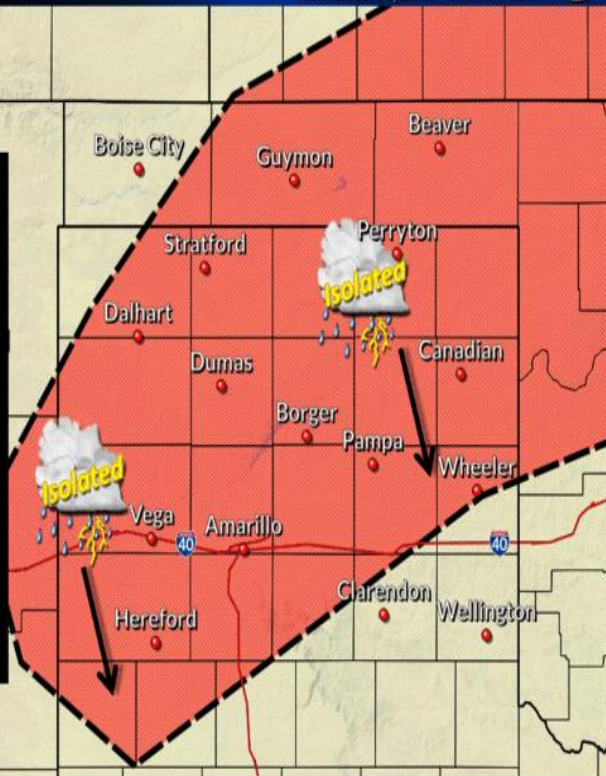

Between 4 PM and 7 PM

Issued Jun 11, 2019 4:46 AM CDT

### What We Are Watching:

- Storms will attempt to form along boundary in the late afternoon
- Strength of cap could limit storm coverage during this time frame
- If storms do develop, a few could become strong especially in the eastern Panhandles
- Hail and strong winds will be the main threat

f t NWSAmarillo

weather.gov/ama

A disturbance will work its way southeast from the NM/CO high terrain tomorrow afternoon. Out ahead of the disturbance where the best lift is, thunderstorm development is possible. A few storms could be severe across parts of the central and eastern panhandles starting mid tomorrow afternoon through the evening hours. Stay tuned for updates to the forecast.

## Severe Weather Outlook Tonight

Weather Forecast Office

Lubbock, TX

A few strong or severe thunderstorms possible

Issued Jun 11, 2019 2:31 AM CDT

Convective Outlook

General Thunder

Marginal Risk

Slight Risk

Mainly Tonight

f t NWSLubbock

weather.gov/lub

Increasing moisture and instability later today with an approaching disturbance will bring a chance of strong or possibly severe thunderstorms from the central and northern South Plains into the Rolling Plains and southern Texas Panhandle. These storms could produce hail near 1 inch diameter with wind gusts 60 mph or higher.

# Hazardous Weather

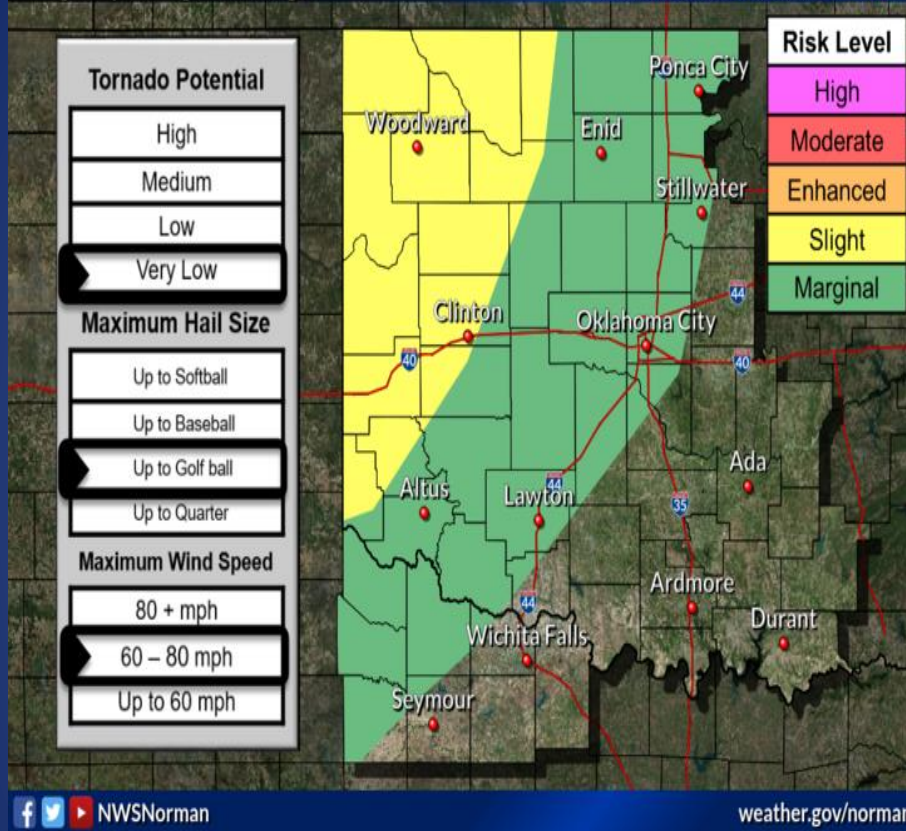

## A Few Severe Storms Possible Tuesday

Weather Forecast Office  
Norman, OK

Timing: Early Evening and Overnight

Issued Jun 11, 2019 1:19 AM CDT

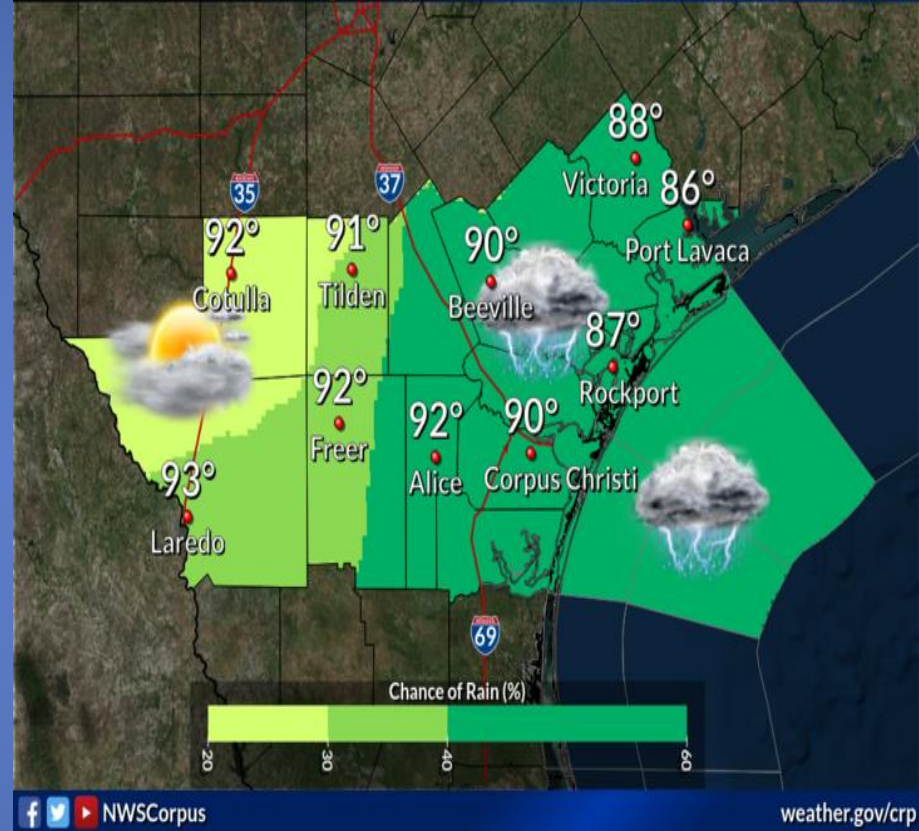

## Not as Warm Today

Weather Forecast Office  
Corpus Christi, TX

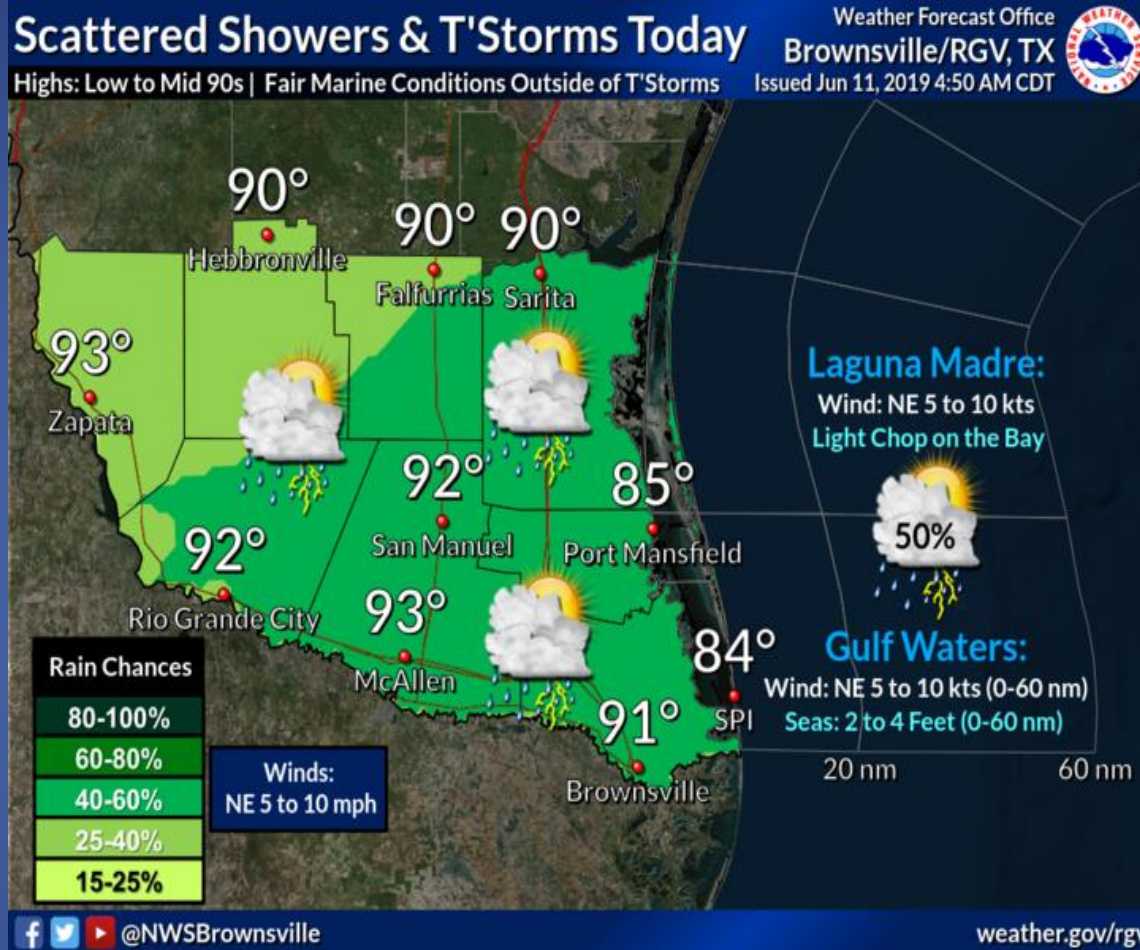

Scattered Showers and Storms Moving Inland by Afternoon

Issued Jun 11, 2019 5:37 AM CDT

Temperatures will not be as warm today behind the weak front. Scattered showers or thunderstorms will form along the boundary this morning over the coastal waters. This activity is expected to move inland with the boundary this afternoon, affecting the coastal plains. Brief heavy downpours will be possible with the thunderstorms.

# Hazardous Weather

Another day of scattered showers and thunderstorms will be expected across the Rio Grande Valley and the rest of deep south Texas under mostly cloudy skies. High temperatures will peak in the low to mid 90s except along the immediate coast. For the mariners, expect mainly fair conditions but thunderstorms may lead to locally agitated winds and/or seas

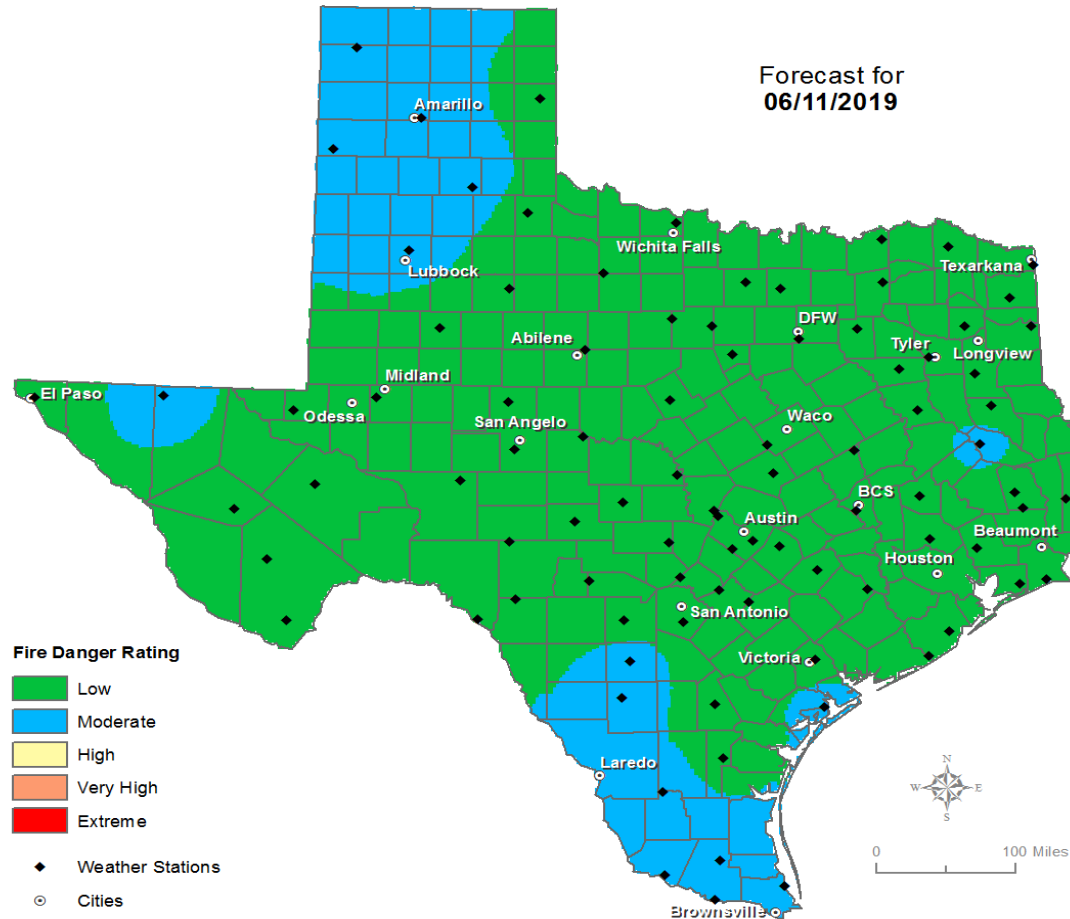

# Weather Warning/Advisories Issued

DATE	WARNING TYPE	LOCATION
